

## Chat Room

### **Set-up/Introduction (10 mins)**

Students are welcomed to the lesson and answer introductory questions

### **Context Creation/Vocabulary (15 mins)**

A theme-based set of vocabulary words is interactively contextualized and taught to students so that they're able to correctly identify, pronounce and use them in natural speech

### **Practical English (10 mins)**

Students are exposed to and practice using common and functional English phrases

### **Daily Focus (10 mins)**

- *Monday* – Interview Day - Students engage with interview questions and practice extensive responses
- *Tuesday* – Practical Skills - Students are familiarized with and develop their confidence in using key English concepts
- *Wednesday* – Presentation Day - Students build their confidence in answering targeted questions and develop sentence construction skills
- *Thursday* – Students are exposed to introductory science concepts and are shown their practical application in the real world
- *Friday* – Practical Skills - Students are familiarized with and develop their confidence in using key English concepts

### **Worksheet (10 mins)**

A theme-related workbook activity is completed so that students review the work they've done and develop their fine motor skills

### **Conclusion & Goodbye (5 mins)**

Students recap what was covered in the lesson to reinforce what they've learned before being dismissed
